

Cosmos.

(2180 HAPLOID)

Market Outlet:
Table, Baking,
Chipping & Organic

General

Cosmos is a Second Early variety with high yields of uniform tubers. With a bright skin finish and good shape it also has good drought tolerance. It is well suited to organic production, and ideal for baking and chipping.

Maturity

Second Early

Storage

Cosmos is suitable for medium term storage

Resistance

Good drought tolerance. Good resistance to Common Scab, Tuber Blight, bruising and splitting. Susceptible to Potato Cyst Nematode *Globodera Rostochiensis* and *Globodera Pallida*.
